# 1.      Introduction

## 1.1      Purpose

The purpose of this document is to outline the DDS account configuration details required for PIs of both Rosetta and Mars Express.

## 1.2      Scope

Contains all relevant details relating to the DDS account configuration for the PIs of both Rosetta and Mars Express, *except* for passwords.

## 1.3      Summary

DDS account configuration for Rosetta and MEX PIs.

## 1.4      Amendment History

See Document Change record at the start of the document.

## 1.5      Change Forecast

As this document contains the account details any configuration changes will require to be reflected in this document.

## 1.6      Applicable Documents

A-1.   Data Delivery Interface Document, (RO-ESC-IF-5003 / MEX-ESC-IF-5003, Issue B5, 27th April 2003)

A-2.   Rosetta Project Glossary (RO-ESC-LI-5001, Issue A0, 15th May 1999)

## 1.7      Reference Documents

R-1.   None.

## 1.8      Abbreviation

All abbreviations and acronyms used in this document are explained in Applicable Document A-2.
